Subject: Lane Plating RI Phase One Data Report

Ed,

The Draft Lane Plating Phase One data report is attached. Please share with members of the CAG. Let them know this is still considered a draft version that is not for release to the public until the CAG and other stakeholders have had a chance to review the document. I can go to the CAG meeting on the 18th to discuss the report. My presentation from the 9/26/19 CAG meeting is also attached. Let me know if there are any other issues from the CAG meeting that I need to address.
